Mrs. R. M. Babb to Cover News At Sylvester for Hamlin Herald

Mrs. R. M. Babb has been added to the staff of correspondents for the Hamlin Herald and will be reporting news from Sylvester.

Mrs. Babb, better known as Merrena, has lived in Sylvester most of her life. She was born in Comanche County and was graduated from Sylvester High School in the early thirties.

She is a member of Sylvester Baptist Church where she serves as song leader, W. M. S. president and intermediate Sunday School teacher.

She works as a substitute clerk in the local Post Office and does a great deal of sewing for people.

Her husband is a Baptist minister and also a heavy equipment operator.

She is the daughter of Mrs. Myrtle Edwards of Sylvester, and the late John Edwards.

Swimming Pool to Open Here Tuesday; Truelove is Manager

The Swimming Pool will open Tuesday, June 1, according to Dan Truelove who has been engaged by the Hamlin Foundation to run the pool again this year.

The pool will open from 1 to 6 p. m. Monday through Saturday and closed on Sunday. Private parties may be set up any day after 6 p. m.

Truelove said Tuesday that the pool will be operated the same as last year. Lifeguards will be Judy Jenkins and Scotty Brown.

Tickets will be sold for \$5.00.

Classes will be held with six swimmers to a class and will be grouped according to ability. Only a limited number can be accepted and classes will begin as soon as a class is filled. Those desiring lessons should contact Truelove at SP 4-1120 or Miss Jenkins at SP 4-1739. After Tuesday Truelove may be contacted at the pool, SP 4-1271.

Local FFA Boys Planning to Attend Area Convention

Five members of the Hamlin FFA Chapter are planning to attend the Area II FFA Convention in Midland June 1-2. They are Holman Jones, Donnie Jones, Randy Smith, Rupert Compton, and Sammy Ferguson. They will be accompanied by Milburn Wink, chapter advisor.

During the convention area award winners, the Area II President, the state FFA officer from Area II, the Area II FFA Sweetheart, and the Area II FFA Talent team will be selected.

Holman Jones is applying for his Lone Star Farmer Degree. At a recent Stamford FFA District meeting he was selected as the Star Lone Star Farmer of the Stamford District. He will be interviewed along with the other six Star District Lone Star Farmers at the convention. From these seven the Area II Star Lone Star Farmer will be named.

Holman is also applying for the National FFA Foundation Farm Mechanics Award, The Texas Farm Bureau Scholarship, the Forney Foundation Scholarship, and the Texas and Southwestern Cattle Raisers' Award.

All area winners will compete at the State FFA Convention in Houston July 14-16.

Bridge Winners

Mr. and Mrs. Henry Albritton were first place winners in the Tuesday evening Duplicate Bridge Club meeting. Grady Bowdry of Stamford and Harvey Elkins were second.

A tie for third, fourth and fifth places included Mrs. Harvey Elkins, Mrs. Ray Sonnenburg, Jack Russell, Dale Lain, Mrs. Holly Toler, Mrs. C. W. Comegys.

The classes will be for beginners, intermediate swimmers, and advanced swimmers.

The advanced class, added this year, will include the five basic swimming strokes, basic fundamentals of life saving, diving, and artificial respiration. It is open for boys, girls, and women.

Buddy Poppy Sale Saturday

Saturday, May 29, is annual "Buddy Poppy" day in Hamlin. The "Buddy Poppy", it is made exclusively by disabled and needy veterans in V. A. Homes and hospitals.

These "Buddy Poppy" are distributed by V. F. W. members, with all proceeds going to benefit disabled veterans and rehabilitation centers for them.

When you see these workers on the streets May 29 selling these symbolic flowers be generous, buy one. The local V. F. W. post 6014 reminds everyone on this day to remember the men who gave so much when it was needed most.

Applications Being Taken for Job Corp

The Texas Employment Commission office in Anson is now screening applicants for the Job Corps, according to Kenneth Carman, Farm Placement representative in Jones County.

All interested males between the ages of 16 through 21 should come to the Texas Employment Commission office on the 3rd floor of the Courthouse in Anson.

CB Radio Club Working With County Judge on Civil Defense

Tuesday, May 18, a committee from the local radio club, along with Hamlin police officers and city councilmen, met with county judge, Leon Thurman, in Anson to coordinate activities of the radio clubs of Hamlin and Anson with county civil defense. A committee from the Anson club, members of the Sheriff's dept., city police, and city councilmen were also present at the meeting.

Since severe storms are always a threat to this part of Texas, storm warnings and work in storm-stricken areas were stressed. The city of Hamlin now has a storm warning system which will be sounded at the discretion of the police dept. and city council.

Radio club members will be stationed on each highway watching the weather and will report to the police dept. when severe weather is imminent. These radio cars will have blue flashing lights on top to identify them. These lights have been approved by proper authorities. Blue is the official civil defense color.

Details for reporting have been worked out by the Police dept. and the radio club. The police dept. will be given a list of names of club members

First Wheat Brought In Saturday

United Industries received their first wheat Saturday when Herbert Lakey brought in 1975 pounds. Full loads are now being received and Sam Wilcox, manager, said the wheat was a good grade.

Moore Elevator received their first small load Monday, brought in by J. E. McCoy. The second brought in was a truckload by Ashburn Branscum.

The rains during the month have slowed the harvest and farmers are having to cut dry patches, therefore no estimate of yield can be made at this time.

A shower early Wednesday morning of 41 inches kept combines out of the field until late afternoon.

OLD GLORY ...

By Judy White

Mr. and Mrs. R. D. Robinson are visiting their daughter in Lovington, N. Mex.

Mr. and Mrs. Aaron House visited Mrs. House's sister and family, the W. D. Duggars, in Brownfield last week end.

A large crowd witnessed the high school commencement exercises here last Friday night and enjoyed the address given by Curly Hayes. The graduates are now enjoying their trip through Kentucky, Tennessee and other southern states. They are expected to return around the first of June.

At a recent meeting of the Old Glory School Board of Trustees Carlton Pierce was elected President and George Rhoads as Secretary of the Board.

Mr. and Mrs. Beno Erdman recently visited Mr. Erdman's mother, Mrs. Charlie Erdman in Cisco.

Mr. and Mrs. Dean Letz and sons, Jeff and Craig, of Abilene were here last weekend visiting his parents, Mr. and Mrs. John Letz and her parents, Mr. and Mrs. Garrett Spitzer and her grandmother, Mrs. W. G. Wienke. Last Sunday.

day, while they were here with the Spitzers, little Craig celebrated his third birthday.

Herbert Klump, secretary of the Old Glory Cemetery Association has announced that Monday May 31 will be the day for the annual cemetery working at Old Glory. Recent rains have caused weeds and grass to grow, so all interested persons are asked to bring a hoe and help with the cleaning.

Major Glen T. Johnson, his wife and children were here last weekend visiting his parents, Mr. and Mrs. Bunyan Johnson.

Stephanie Letz spent the weekend with Barbara Werten in Abilene while participating in the Junior Tennis Tournament there.

Old Glory's Stephanie Letz along with Marsha Treadwell of Eastland won the Girls 16 Doubles Division in the 12th annual Junior Tennis Tournament in Abilene last Saturday, when they defeated Beechie Phillips and Barbara Werten in the finals, 7-5, 5-7, 6-4.

Stephanie also placed second in the Girls 16-Singles division.

All winners will now participate in the State Jaycee Tennis Tournament on the

Neinda Philosopher Wants College Student's To Picket His Farm Where the Fences Are Weak

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 this week discusses college students or foreign affairs, we aren't sure which.

Dear editor:

I noticed in a copy of a newspaper I was reading last night in between gun fights on a western that a bunch of college students have been picketing the White House, protesting the U. S. policy in Viet Nam and the Dominican Republic, on the grounds it's wrong.

I kept on reading but never did find out what they thought would be the right policy.

Texas A&M campus at Bryan July 8-10.

Mr. and Mrs. Gene Linder and daughter, Tracy, of Abilene were dinner guests in the Lynn Flowers' home Sunday.

Mrs. Anell McBroom of Brady spent the weekend with relatives at Old Glory and attended the wedding of her niece, Donnic Sawyer and Tim Jennings Saturday evening.

What they don't know, but what me and Secretary of State Rusk and the other foreign policy experts have known for years, is that the right policy generally can't be determined till years later.

Handling foreign policy is like raising a child. You try to do what you figure is right at any given moment, but whether you were right or wrong doesn't come out till the kid is grown, and half the time, whatever it was you did, you can't remember what it was.

In fact, lots of times, the kid will turn out all right, regardless of what you do. Lots of kids grow up in spite of their parents, and I have a notion foreign policy operates along the same lines. Of course to be fair, it ought to be brought out too that lots of parents turn out all right despite their kids.

Also, I have a notion that college students protesting foreign policy is about like high school students picketing a university on the grounds the college students aren't studying hard enough

and grammar school pupils picketing high schools, and kindergarten kids picketing grammar schools. Since there's nobody left, this leaves the kindergarten kids free to act on their own, but you never hear much out of them on foreign policy.

When a crisis turns up in foreign affairs, if you're going to wait till you're absolutely sure you're right, you won't get much work done, which is why I wouldn't be interested in the job.

Foreign affairs is like a doctor-patient relationship. When a man's sick, he wants a doctor, whether the doctor know what's wrong with him or not. The least the doctor can do is prescribe something.

By the way, if those college students find out about how I run this Johnson grass farm, they'll find so many things I do wrong they could picket this place from now on which wouldn't be a bad idea, if they'd stand where the fence is weak, to turn my cows. Mine isn't as good as the White House's.

FAIRVIEW NEWS

by Mrs. Elmer Joiner
Everything is about back to normal again this Monday morning, the wind is blowing, the sand is rolling. If you have never seen the sand blow with the fields muddy, you have never seen West Texas. Every little high, dry, spot tries to get higher in the air than the next one, put them all together and you have a real old red sand storm, which just delights in coming in your house at every crack and crevice. If the ground ever dries up enough for the ground to be plowed that will stop that. Then maybe we will have some thing else to fuss about.
The wheat is about all ripe enough to combine but the weather is too damp, with the humidity so high, that none has been harvested yet. If the predicted rains do not arrive, and the conditions get right, they will roll in high for every one wants theirs cut first.
It looked like maybe revival services Sunday, in our church, as we had an unusual big attendance for us. We were especially glad to have the Rev. Derrell Lewis family, in our services Sunday morning. Rev. Lewis is out on the Plains, at the Mayfield church, which is situated near Plainview. He was our past pastor before Rev. Leverett.
Mrs. Johnny Lewis, mother of Rev. Lewis, was also a visitor Sunday.
Mr. and Mrs. Winson Gray, Mr. and Mrs. Woodrow Goodwin and the pastor and family, were those from our church attending the Workers Conference at Avoca, last Tuesday night.
Services were dismissed Sunday night, as usual, for the Baccalaureate services at Hamlin. There is only one graduate from our way this year, Nancy Ford, daughter of Mr. and Mrs. H. L. Ford.
Mr. and Mrs. Fred Rosenbaum visited with the Elmer Joiners, Friday night.

Nosey Neighbor ...

Since last week we have another class of ex-students and a brand new class to enter Hamlin High School in the fall.

It is very good to see so many of the seniors planning to seek further education in colleges, universities and specialized schools.

The eighth grade graduating class was reminded Friday of their high statue this past year, but Marvin Carlton, principal, said they would be the low ones on the totem pole as they became freshman in the fall.

We also observed many visitors in town for graduation activities. We have tried to include as many as possible in personals this week.

The roof is being placed this week on the top of the new Style Cleaners building on West Lake Drive. With addition of Mac's and the Frontier Stamp Center recently, West Lake Drive is taking on the shopping center look. Other stores in town are making improvements and its brings to mind the fact that we in Hamlin can shop locally with greater convenience and much less trouble than those who shop in the bigger cities.

To get the most out of your newspaper, we suggest the following pointers:

1. Read your newspaper regularly; make it a habit; be informed.
2. Don't be headline happy; heads are just the menu.
3. Don't be Page-one happy; there is valuable information inside.
4. Don't read only one section; sticking only to sports, comics or crime news is like picking up pennies and leaving dollars.

5. Be a fact-seeker; get facts from news columns, then read the comments of columnists and editorial writers; broaden your knowledge.

6. Note qualifying words to find out who said what; don't confuse charge with conviction, rumor for fact, or plans with accomplishments.

7. Don't be a reading coward; don't be afraid to read opinions which differ from your own.

8. Get out of your reading rut; read something every day completely apart from your normal interest.

9. Do your shopping at home; look through the advertising columns of your newspaper for best buys, mark them, and take your newspaper with you when you shop.

10. Relax and enjoy the fun; there's a lighter side of life; your newspaper covers the humorous as well as the serious.

Miss Greenway Hosts B&PW Club Salad Supper

Miss Lennie Greenway, president, was hostess to the Business and Professional Women's Club at a salad supper in her home Tuesday evening.

Mrs. Kenneth Riddle gave the invocation. Yearly reports were made by officers and committee chairman.

Mrs. Mary Newberry installed the officers.

Mrs. Camille Simmons was a guest.

Plans are being made for representatives of the club to attend the state convention in Houston June 11, 12, 13.

The meeting was closed with the Clubwomen's Prayer by the members, led by Miss Greenway.

Mary Ann Elkins Honored With Kitchen Shower

Mary Ann Elkins, bride-elect of Jackie Smith, was honored with a Kitchen Shower Sunday afternoon, May 23, by her chosen bridesmaids, Christy Wallace and Marolyn Reynolds, in the home of Christy's parents, Mr. and Mrs. W. (Red) Wallace.

Guests attending were members of the 1965 graduating class. Each girl brought some type of kitchen utensil.

The serving table was decorated with Miss Elkins' colors of blue and white. Appointments were crystal. The centerpiece of blue and white flowers was accented with white tapers and white wedding bells.

Each guest received a thimble decorated like a wedding bell as a favor.

The couple will be married June 12 at the First Baptist Church.

Xi Gamma Pi To Meet Today

The closing luncheon for Xi Gamma Pi chapter of Beta Sigma Phi will be held today in the home of Mrs. W. T. Johnson.

The last meeting was held May 13 in the home of Mrs. Jerry Waggoner when Mrs. E. D. Perrin gave the program on "Our Own Enjoyment."

Ruth Class Meets In King Home

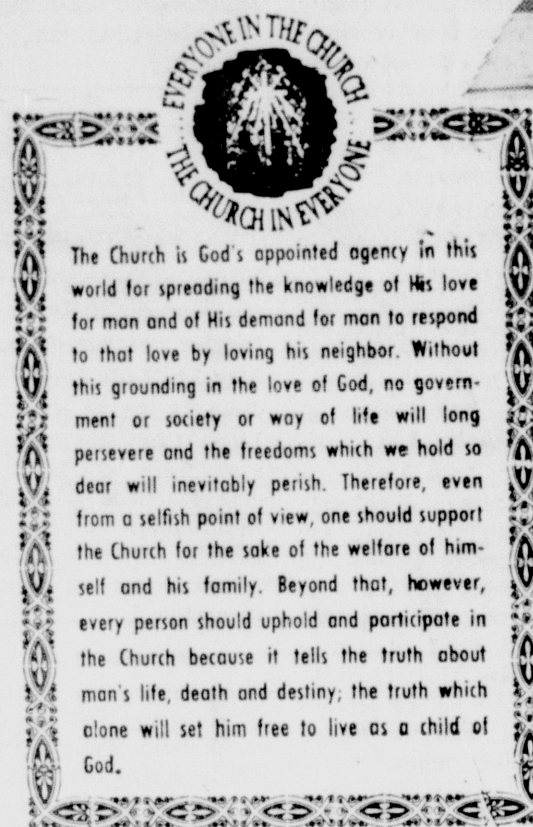

Ruth Sunday School Class of Central Avenue Baptist Church met in the home of Mrs. Bessie King. Mrs. Grace Hopper gave the opening prayer.

Mrs. Ruth Lee conducted the Bible quiz.

The devotional was given by Mrs. Anderson and followed by prayer by Mrs. Lee. Refreshments were served.

OUTMODED EQUIPMENT

This young man certainly won't get much real cleaning done with this broom. A modern street cleaning machine would do the job so much better. His straw broom makes us think of how we try to get along without God, without spiritual values, without church. Our life would be so much better if we would exchange this life for one that knows God and practices His precepts. Without church and God we have little or no spiritual equipment. Hearing God's word preached, being with his people, working in His church, helping others through the church all give us the spiritual equipment we need for meeting life. We invite you to attend this week and make a habit of coming to God's house.

If you've heard that GAS central air is out of your reach, don't believe it!

Get the facts.
Call Lone Star Gas for a free estimate!

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years.

There are two types of gas systems for homes: a combination cooling and heating system and an add-on cooling system.

LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2.8-TON UNIT

This new gas unit for medium-size homes both cools and heats — puts the world's finest year-around air conditioning in reach of everyone.

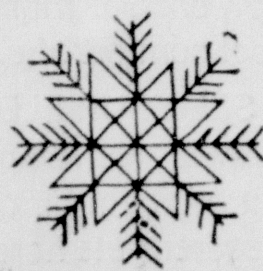

HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle — with few moving parts to wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

IF YOU HAVE CENTRAL GAS HEAT, IT IS LIKELY YOU CAN USE THE SAME DUCTS FOR GAS COOLING

You may have half of a gas central air conditioning system installed in your home! Just add the gas cooling system (takes up no extra floor space) and start enjoying year-around gas comfort and economy!

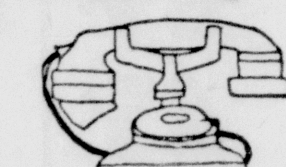

GAS ECONOMY PAYS OFF YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. The combined heating and cooling costs

with gas average about 15% lower than for electric heating and cooling. Add to that the savings in maintenance and replacements and you'll see why gas is your best home air conditioning investment.

GAS MAKES THE BIG DIFFERENCE

Information on Control of Overwintered Weevils Given

(Editor's note - - The following information on the control of overwintered weevils has been prepared by the Rolling Plains Cotton Growers, Inc. Terry Julian, executive director.)

Only a few overwintered weevils per acre can develop into a large population if allowed to go unchecked during the summer. The control of overwintered weevils before egg laying starts can result in significant savings. Where weevils are found an insecticide should be applied just before first squares are one-third grown to prevent egg laying.

In many fields, overwintered weevil control can be accomplished on a spot treatment basis. Overwintered weevils are usually confined to small areas of the field after emergence. Spot treatment of the infested areas early in the season will slow down, and in

some instances, prevent the spread of weevils throughout the field. The beneficial insect population within the field will be less affected when treating is confined to only the spots where weevils exist.

Cotton should be checked carefully during the pre-square and early-square stage for overwintered weevils. Pay special attention to areas of the field near shinnery, shelter belts or other likely boll weevil overwintered sites. From past experiences, you should know those areas of the field where weevils usually appear first.

If weevils can be controlled before they start laying eggs, the potential weevil build-up can be greatly reduced.

Horse Show for Crippled Children To be Held in Abilene June 11-13

The Abilene Horse Show for Crippled Children will be held June 11-13 at the Taylor County Livestock & Exposition Center with horses from throughout the southwest expected to be entered.

C. E. (Doc) Botkin has been named show superintendent and Clarence Tucker will serve as secretary. R. W. (Roff) Hardy, president of the Board of Directors of the West Texas Rehabilitation Center, has announced.

Included in the three-day affair will be a Quarter Horse Show, an Appaloosa Show, an Open Paint Horse Show and a Shetland Show. The shows have been approved by the American Quarter Horse Association, the Texas Appaloosa Horse Club, the Central Texas Appaloosa Horse Club, the Texas Paint Stock Horse Club, and the American Paint Quarter Horse Association.

The spring horse show in Abilene has been sponsored the past 13 years by the Abilene range Riders, but sponsorship is being taken over this year by the WTRC with the name changed to the Abilene Horse Show for Crippled Children.

The annual show is expected to join the Cattleman's Round-Up for Crippled Children as a major supplement to the budget for the WTRC, Hardy said.

Both halter and performance class judging will be held in all divisions with added feature to be an Open Cutting Horse Contest at 1:00 p. m. June 13th under sponsorship of the West Central Texas Cutting Horse Association.

Charlie Morris To Head Crippled Children Roundup

C. A. (Charlie) Morris of Abilene has again been named general chairman for the Cattleman's Round-Up for Crippled Children. Morris, owner and operator of the Farmers and Ranchers Livestock Auction of Abilene is helped by the program by over 80 area Round-Up chairmen to be announced later.

Morris's first appointment was that of the Horse Division Chairman, Ed Heller of Dundee, Texas. Heller will be assisted by the sale firm of Morrison-Carlisle of Amarillo in making plans for the annual Horse Sale.

Morris has served as general chairman of the Round-Up for three years, each year the Round-Up, one of the major sources of revenue for the West Texas Rehabilitation Center, has increased in help to the center.

Judging in the Quarter Horse and Paint Divisions in Halter Classes has been scheduled for the evenings in order for area residents to attend. Division chairmen and judges will be: Quarter Horse - Harry Holt and H. S. Miller; Paint Horse - Ed Robinson and Miller; Appaloosa - Bob Bailey and Weldon Johnson; Shetland - Frank Saddler and Asa Hutchinson.

Dr. Dave Ballard No Longer Giving Brucellosis Tests

Dr. David Ballard of Stamford is no longer connected with Jones County Brucellosis Testing Program according to information today from Jones County agent, Kirby Clayton. Livestock producers who want their cattle tested should contact Ronnie Davis at OW-2-7104 in Abilene. Producers should contact Mr. Davis 2-3 days ahead of time in order to allow him plenty of time make arrangements for testing your cattle.

Producers are urged to direct any questions concerning the program to County Agent Kirby Clayton or Charlie Myatt, who is chairman of The Jones County Animal Health Committee.

Now Is Time To Spray Pecan Trees—Clayton

May 24 through May 31 is the recommend time for spraying pecans for the nut case-bearer, says Jones County Agent, Kirby Clayton. Clayton says that there is about a 7 - 10 day period in which the poison is most effective and that period falls during the last week of May while the tiny worms are hatching. The agent recommends that where two sprayings are used that the first one be applied on May 24 or 25th and the other one be applied one week later.

The agent recommends 2 - 3 of 80% wettable Sevin powder of 3 of 50% wettable DDT powder or 3 of 25% wettable malathion powder plus 2 pounds of zineb and 3 zink sulfate per 100 gallon of water.

For small quantities, mix 3 tbsps DDT, 50% WP, or 3 Tbsp malathion, 25%, or 2 Tbsp of Sevin per gallon water, plus 2 Tbsp of zineb and zink sulfate per gallon of water.

For further information consult your local county agent.

Mrs. E. W. Moore of Santa Anna was a visitor in the Edgar Duncan home for her granddaughter Connie Jo's graduation. Other guests were friends, Rev. and Mrs. R. A. Guthrie of Fort Worth.

Carolyn Barnett of Lubbock spent a week's vacation with her parents, Mr. and John Barnett. The Barnetts, Carolyn, and Mrs. R. D. Moore went to San Angelo during the weekend to visit a son, John L. Barnett, and family.

Guests in the home of Mr. and Mrs. W. R. Allen for Robert's graduation activities Sunday were Mr. and Mrs. Kenneth Johnson of Abilene, Mrs. Allen's twin sister, Mrs. Allan Johnson, and daughter, Janice, of Aspermont at commencement.

Slip into style... ENJOY JARMAN'S FRIENDLINESS OF FIT

The story here (a true story) is that this Jarman offers more casual good looks and comfort than most any shoe you can find. The handsome "sideline" stitching is hand sewn. The upper leather is supple grain. The construction is genuine moccasin, for durability and wearing ease. The price is surprisingly modest. The thing to do, therefore, is come in right away and try a pair.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN. — Tabulation of the activities of the Texas Legislature reveals that the current body has produced more new laws than any of its predecessors.

This is a remarkable achievement in view of the pressing time-taking demands of re-districting and increased spending, as well as the controversy on raising the pay of teachers and increasing taxes.

BUDGET BILL TO CONTROLLER — A record \$3,600,000,000 state budget bill, major business of the session, finally is in the hands of the State Comptroller for certification, after agreement on corrections and last-minute additions by resolution.

Independent estimates calculate the \$623,400,000 general fund appropriation would leave a surplus of \$700,000, if no other spending measures are passed.

But other spending bills are almost certain to be passed. Tax bill authors are taking that into consideration in writing a revenue-raising measure which will pay for the \$70,000,000 (state share) teachers' salary boosts and the other pending requests for funds.

TEACHER PAY COMPROMISE SET — Teachers and Governor Connally reached a compromise in their pay dispute.

Visiting with Mr. and Mrs. Ellis West during graduation activities of their daughter, Violet, were Mr. and Mrs. Norton Berry and Mrs. Norman Fletcher of Oklahoma.

Visitors with the J. C. Cables for Gary's graduation were Gary's grandparents, Mr. and Mrs. Ray Teague of Abilene, Tom Taylor and Louie Caudle of Abilene and Mr. and Mrs. Roy Thorn.

ELECTRIC
POWER-

wherever
it is
needed . . .

Motivated only by the needs of the consumer, cooperative electric systems are proud of their efficiency and ingenuity.

Recently, a co-ophired a helicopter to set the 28 poles, weighing 1100 pounds each, and string two miles of heavy wire. What would have normally been a five-week construction job was accomplished in two days, and a new area has been supplied with reliable electric service.

Providing scattered consumer-members with electric power often requires extra effort, but we know from first-hand experience that bringing electricity to a new area benefits the entire community.
